Augusta Health Primary Care, Fishersville, is a family practice office staffed by a Board Certified Family Practitioner and support staff. Some lab work is done on-site and other lab work is sent to an external lab with results usually being available the next business day. Most medical situations can be successfully managed on-site. Referral to specialists may at times be considered appropriate. Should hospitalization be needed, they admit to Augusta Medical Center (AMC).

Augusta Health Primary Care provides the following services: Women's health care including PAP and breast exams and birth control; physicals; EKG's; Off-site radiology services; A full range of outpatient laboratory testing; Acute illness care; Minor emergencies (lacerations, injuries, etc.); Free blood pressure checks; Immunizations; Workers injuries; Allergy care; Medical service is available 24 hours a day through the answering service.
