Mount Vernon Internal Medicine, part of Privia Health, provides comprehensive and general medical care to adults for acute and chronic illnesses, for example: heart disease, asthma, migraines, gastrointestinal problems, arthritis, sinus infections, common colds, and many more. Other services include physical examinations, pre-operative examinations, immunizations, well-woman examinations, bone density testing, cardiac evaluations, and laboratory services.

The practice offers geriatric assessment, medication assessment, physical examination, nutritional and diet review, osteoporosis evaluation, as well as checks for hearing impairment and depression.
