English

The Shepherd Center is always looking for volunteers to assist with the services it provides. The most urgent need is for volunteer drivers that are willing to drive people to doctor's appointments, to the grocery store, or other places of importance. We are also looking for volunteers to work in the office helping to connect riders with drivers. Other volunteer opportunities include; the Open University teachers and speakers; assistance with friendly calls; help with mass mailings; gift wrapping at Christmas, and many more.
