At The Mount Rogers Community Services Board, Emergency Services is a 24-hour program that provides intervention, consultation, and assessment services to individuals experiencing behavioral health, substance abuse, or developmental disability crisis. Certified Prescreening Counselors, who are skilled in the assessment and treatment of these disorders, will provide an independent examination of the individual in crisis and seek to obtain relevant information from collateral sources in order to make decisions and provide recommendations based on the least restrictive alternative. The assessment will determine whether the individual meets the Commonwealth's criteria for a temporary detention order based on evidence readily available. Many less restrictive alternatives exist and the goal will be recovery focused and individuals will be empowered to develop their own plan of recovery. Community Liaison staff are available to assist with hospital discharge planning and

after-care appointments for individuals involved in inpatient treatment.

For an emergency assessment on Monday through Friday from 8:30am-5: 00 pm, call the local Mount Rogers Community Services Board Counseling Center:

- Wythe and Bland Counties: (276) 223-3202
- Smyth County: (276) 783-8185;
- Fernwood serving Grayson and Carroll Counties and City of Galax: (276) 238-9700.

For after-hours emergencies, including on holidays, weekends, and weeknights, call the local Sheriff's office at 9-1-1 from Bland, Carroll, Grayson, Wythe, and Smyth counties and the city of Galax.
