The federally-funded Low-Rent Public Housing Program provides quality, affordable rental housing for families, seniors, and persons with disabilities at developments that are owned and managed by Franklin Redevelopment and Housing Authority.

The agency owns and manages approximately 150 rental units throughout 3 housing developments. Pursuant to program requirements, residents pay no more than 30 percent of their annual adjusted income for rent.

Also offers the choice of flat rate rent. The flat rate rent option allows residents to increase their earnings while allowing them to maintain a low and manageable rent payment. (See the Resident Handbook for current flat rate rent amounts.)
