As a sub-specialty, urology concentrates on men's reproductive organs and urinary tracts of men and women. Unlike many other specialties, urologists are surgically trained to treat people of all ages.

Minimally invasive procedures are used whenever and wherever possible. Some of the diagnoses we treat include:

- Bladder cancer
- Erectile dysfunction
- Incontinence
- Kidney cancer
- Kidney stones
- Male infertility
- Overactive bladder
- Testicular cancer
- Urologic cancer
- Urologic infections and stones

Some of our services include:

- Endoscopic stone procedures
- Laser surgery
- Minimally invasive surgery
- Outpatient pubo-vaginal sling
- Prostiva
- Urodynamic study

Service Area(s)

Smyth County
