United and Empowered Care provides 4 homes in Hampton for individuals with developmental disabilities and identifies the need for the specific type of supervision or counseling available in this setting.

Group homes provide congregate living arrangements to a small group of adults with recognized developmental disabilities. Consumers receive primary care, which is comprised of room, board, and general supervision. In addition, they receive assistance training, and specialized supervision according to their individual support needs and preferences.

Each resident is encouraged to be as independent as possible with daily living activities, hopefully to achieve an improved quality of life through integration in community activities.

All homes are wheelchair accessible.
