Reston Hospital Center (Reston) provides financial counseling to help patients gain access to government sources of medical assistance, including Medicaid, CHIP

(Children's Health Insurance Program) and other state and local programs.

Reston provides healthcare to everyone, regardless of financial status. Financial counselors can help you identify ways to fulfill your financial responsibility. To learn more about the charity care and financial discount policy, speak with one of our financial counselors, call (866) 211-3615, Mon - Fri: 8:30am - 5:00pm.

The charity care policy applies to uninsured patients who come to our facilities for emergency treatment. This policy provides financial relief to patients who qualify based on a comparison of their financial resources and/or income to Federal Poverty Guidelines. Specifically, for non-elective care, patients whose household financial resources and/or income is at or below 200 percent of the Federal Poverty Level receive free care.

To qualify for charity care, uninsured patients will be asked to complete an application and provide additional income and resource verification information. Translation services are available. Information regarding the policy is available in the emergency department at the Main Campus.

For questions regarding this policy or how to apply, call 800-799-6478.
