Buford Road Pharmacy is a member of the Professional Compounding Centers of America. Pharmacists have the ability to make medications for a variety of situations in a variety of different forms, from producing a specific patient dosage to flavoring medications. Compounding allows us to create custom medications specifically for you. Examples include dye-free, preservative-free, alcohol-free, and/or sugar-free forms of medications. To learn more about our ability to customize your meds, contact us today at 804-272-1423.

Medications can also be compounded for animals, ie tuna flavor for medicines for cats.

The compounding center also does BHRT (bioidentical Hormone Replacement Therapy) in a variety of capsule and creams, suited to your needs.

If you have medicinal needs that are not produced on a massive scale, call the pharmacy for help.
