Languages Spoken

English

PARC Services is a community-based facility that provides training and employment opportunities to individuals with intellectual challenges. The program utilizes a variety of rehabilitation options including, but not limited to, bench work, mobile work crews, and enclaves. The program is designed to increase knowledge in the performance of work, improve work related behaviors, increase productivity, and increase independence for individuals with intellectual challenges.

Individuals employed in sheltered employment receive training and monetary compensation for work performed. PARC Services has a Special Wage Hour Certificate from the U.S. Department of Labor, which allows the program to compensate each individual based on their productivity.

PARC Services also operates an imprinting shop that provides training and employment opportunities for individuals with disabilities. The shop provides affordable quality imprinting and printing services to the general public. The Imprinting Shop hours are Monday - Friday 8:00 am to 2:00 pm.
