HopeTree Developmental Disabilities Ministry (DDM) offers parents, siblings, and other family members who are the primary caregivers for adults with intellectual disabilities a respite program to give a much needed break for the primary caregiver.

Respite Services can be provided on an as-needed basis and when space is available in certain group homes. The individual receiving respite services joins the residents in the existing schedules and planned activities in the home. Supports and assistance are provided as needed for the individual. Respite Services also provide an opportunity for socialization opportunities. A respite visit can be as short as several hours or include an overnight stay. Respite services covered by the Waiver system can not exceed 480 hours in a calendar year.

For more information, or to request services in the Salem area, please call 540-389-5468.
