At Western Tidewater Community Services Board, coordinating with [Virginia Veteran and Family Support \(VVFS\)](#), a Veteran Peer Specialist is a person with a behavioral health or co-occurring condition, actively engaged in their own recovery, who has been trained and certified to help others with these conditions, identify and achieve specific life and recovery goals.

Peer Specialists serve as role models by sharing their personal recovery stories, showing that recovery from behavioral health disorders is possible. Specialists teach goal setting, problem solving, symptom management skills and a variety of recovery tools. They empower veterans by helping them identify their strengths, supports, resources and skills. They advocate for veterans's issues by working to eliminate the stigma of mental illness and act as community liaisons by identifying social supports in the community and encouraging the expansion of local community resources.
