HumanKind offers the Sponsored Homes model of care. This newest program for adults, which started in September 2010, provides residential services to adults with intellectual disabilities. Families who wish to provide this service open up their homes and their hearts to individuals who wish to live in a family setting in the community. We oversee the support provided by the family and we are responsible for support coordination services.

The goal is to bring individuals with intellectual disabilities into the community to live with loving and supportive families. This model of care gives individuals a family setting, more personal, one on one attention and a consistent network of support.

At HumanKind, we have five focus areas:

Safe & Healthy Living--Our programs empower families to become healthy and successful. Parents learn necessary skills to prevent child abuse and neglect, to be happy and more self-sufficient and to build a bright future.

- Family Partnership

- Parenting Classes
- Life Skills for Youth
- Life Skills for Adults
- Permanent Supportive Housing

Residential Care--With group homes across Virginia, more than 70 adults with intellectual disabilities are leading productive and meaningful lives in our care. We also provide safe and loving foster homes for children with identified emotional or behavioral challenges.

- Adult-Supervised Living
- Adult Group Homes
- Adult Sponsored Homes
- Therapeutic Foster Care for Children

Early Childhood Development--Our programs are helping children thrive today while preparing them for success tomorrow.

Mental Health Services--Programs under the Mental Health Services umbrella help children, teens, and adults overcome emotional and psychological challenges while keeping families together.
