At Cumberland Mountain Community Services Board, the long term goal of the Deaf Services Program is to provide persons who are deaf, hard of hearing or deafblind the same range of Community Services Board services offered to persons who hear. Because of the size of Southwest Virginia, the comprehensive nature of services currently provided to hearing persons, and limited program staff, this program must initially limit the extent of direct clinical services. The program currently offers:

- outpatient counseling services,
- psychiatric services and medication clinic,

- crisis services,
- case management services,
- mental health support services (in the area of Lebanon, VA),
- consultation.

Service Area(s)

Russell County
