The Department of Behavioral Health and Developmental Services (DBHDS) has created a State Rental Assistance Program (SRAP) to serve individuals with developmental disabilities in the Settlement Agreement population who want to live in their own housing. The program is designed to provide rental assistance to single-person families that meet the program eligibility criteria so they have the means to lease private market rental housing that meets their needs.

Individuals will have the opportunity to choose where they live, with whom they live, and who supports them. Services and supports will be provided through sources separate from their housing, including Medicaid Waiver-funded home and community-based services, natural supports, privately paid supports, and other community resources.
