In addition to Blinded Veterans Association's (BVA) work on a national level, the Association also supports 52 separate regional groups throughout the United States. The State of Virginia is part of the Mid-Atlantic Regional Group. The Mid-Atlantic Regional Group is committed to developing a closer relationship among blinded veterans; to assist in their rehabilitation; to hasten their acceptance into the community; and to keep members informed of medical services and how to access them.

All BVA Programs and Services are available to any blinded veteran in need, regardless of how or when they lost their sight, or whether they are a BVA member.

[Visit the website](#) to learn about the activities and the services provided by the Group.
