

## Primary Home Care Service

Age Requirements

No Age Requirement

Available 24/7

Yes

Intake Contact Email

hunthhc@gmail.com

Intake Process

Contact the Hunt Country Health Services office.

Home visits are scheduled on a regularly monthly basis through the office. Patients are normally called 24 to 48 hours prior to arrange a visit. Unfortunately, we are unable to provide a specific time for the visit due to travel time and the needs of each patient seen that day. Follow-up visits are scheduled based upon your specific needs.

If the patient becomes ill and is in need for a home visit, we will do our best to fit you into the schedule within 48 hours of your call. Primary HomeCare is not an emergency service. If you feel that your situation is urgent, or you cannot wait for a visit, please call 911.

Hunt Country Health Services, d/b/a Hunt Country Home Care, is now providing Primary Home Care, a program that brings the doctors office into your home. This program is aimed at illness prevention and health maintenance.

Board Certified Nurse Practitioners bring the doctor's office to your home on a regular monthly schedule, along with sick call visits and 24 hour telephone on-call service. Specialty services such as in-home laboratory blood draws, cardiology, podiatry, optometry, Ultrasound, X-Rays, physical and occupational therapy, and skilled nursing, are available.

In addition, we can arrange and manage nursing, hospice, prescriptive medicine, durable medical equipment, and home delivery of medications and diabetic supplies.

Medical problems that can be managed on a daily basis

- Hypertension
- CHF (congestive heart failure)
- Peripheral Vascular Disease
- Arthritis
- Dementia
- Diabetes
- Asthma / COPD/ Difficulty Breathing
- Parkinson Disease / A.L.S. / M.S.
- Pneumonia
- Renal Failure
