The National Council for Aging offers a guide to help seniors who are also armed services veterans. If you have served in the military during wartime, chances are that you've taken advantage of education programs, career resources, and home loans available to you. But while those life issues may be behind you, there is a host of other resources to know about in your retirement years.

Visit the the National Council for Aging [Care's guide on Military Veteran Benefit Options](#) for information on Veteran pension, survivors pension, life insurance, veterans' group life insurance, disability compensation, geriatrics and extended care services and military burial.
