Richmond Behavioral Health Authority's (RBHA) Primary Care Clinic routinely screens and assesses for overall physical health, and provides treatment for chronic conditions such as diabetes, hyperlipidemia (cholesterol), hypertension, heart

disease and asthma, Services are delivered by appropriately trained staff. Health education on weight management, nutrition, self-care, stress management, safe sex, women's wellness, and smoking cessation also provided. Some of the services provided in the clinic include:

- Daily medical services on-site,
- Health screenings,
- Health education,
- Wellness groups,
- Referrals to specialty providers,
- Web-based health resources,
- Walking groups & fitness activities.

Eligible individuals participating in services at RBHA who are in need of routine dental care may seek referral to the Dental Care Program through their RBHA Primary Service Provider. This service is made available through partnerships with community providers.
