Compassus offers hospice care anywhere a patient calls home, including a nursing home or group home. Hospice care offers relief from the pain and symptoms of a serious illness, while also addressing the mental, social and spiritual needs of a patient.

Hospice care is available for helping the patients and their families through their life when the expectancy is limited.

For a distinction on whether you or your loved one should ask for Palliative or Hospice Care, please visit [Hospice vs Palliative Care](#)
