MoveUP Lynchburg offers on-demand or scheduled rides. MoveUP also offers specialty services, such as transportation options for individuals with disabilities or transportation where you can bring your pet, and transportation where you have baggage or groceries.

MoveUP created a network of transportation providers in the Lynchburg area to meet the various needs of riders.

The Advanced Connected Transportation Network (ACTiN) is the network used by the MoveUP app. When you need a ride, submit a scheduled ride and wait for an offer from a driver in the ACTiN network. The first come, first serve means individuals who have submitted a request and accepted an offer from a driver, will lock in their time.

Service Area(s)

Campbell County

,

Lynchburg City
