Event Description

Seeing the Person Before Their Dementia, Webinar will be on Tuesday, March 5, 2024, from 12noon until 1 pm.

Join us for a live and interactive discussion Sonya Barsness, who works to apply a new paradigm of aging and dementia that is based on person-centered values of choice, dignity, respect, self-determination, purposeful living, and shared humanity.

When we focus on personhood, not just the disease, we see the strengths, assets, and resources of people with dementia. This guides both people living with dementia and their care partners in LIVING with dementia on a day-to-day basis.
