Event Description

The Center at Belvedere is holding Hearing Screenings on the first Thursday of the month from 10am until 12noon. Free and open to all.

Do any of these sound familiar?

- Have you been experiencing some memory loss?
- Do you have trouble understanding what is being said when in a noisy environment?
- Do you think everyone mumbles?
- Do you have ringing in your ears (or the sound of crickets, buzzing or humming)?
- Do your family members think you have hearing loss?
- Do you turn up the volume on your T.V.?

If you said yes to any of these questions, you may have hearing loss.

Take advantage of free hearing screenings provided by Dr. Anne Delaney of Delaney Hearing Center. Get some answers about whether hearing loss is contributing to your difficulties. These are offered on a drop-in basis the first Thursday of each

month.
